PRESENTATION

ABOUT DIGITAIN

Digitain is a global iGaming software solutions provider, offering its partners a world-class sportsbook and casino platform either as a **TURNKEY** or a **WHITE LABEL**.

The company's primary focus is on the regulated European market, with ambitious plans to expand its geographical footprint into the Americas and Asia.

WE EMPLOY MORE THAN 700 OF THE BRIGHTEST TRADING MINDS IN THE GAMING INDUSTRY - PART OF A WIDER WORKFORCE OF OVER 1,700 STAFF – IN ORDER TO DELIVER A BEST-IN-CLASS SPORTSBOOK FOR ITS PARTNERS.

Our people are our greatest asset. To help them contribute their best to our company and to our partners, we continually invest in their development as members of a team and as individuals.

At Digitain, we pride ourselves on providing a professional and supportive work environment – where our people are encouraged to be efficient and effective.

COMPANY MILESTONES

At the core of our identity are strong, enabled teams and effective communications.

DIGITOWN

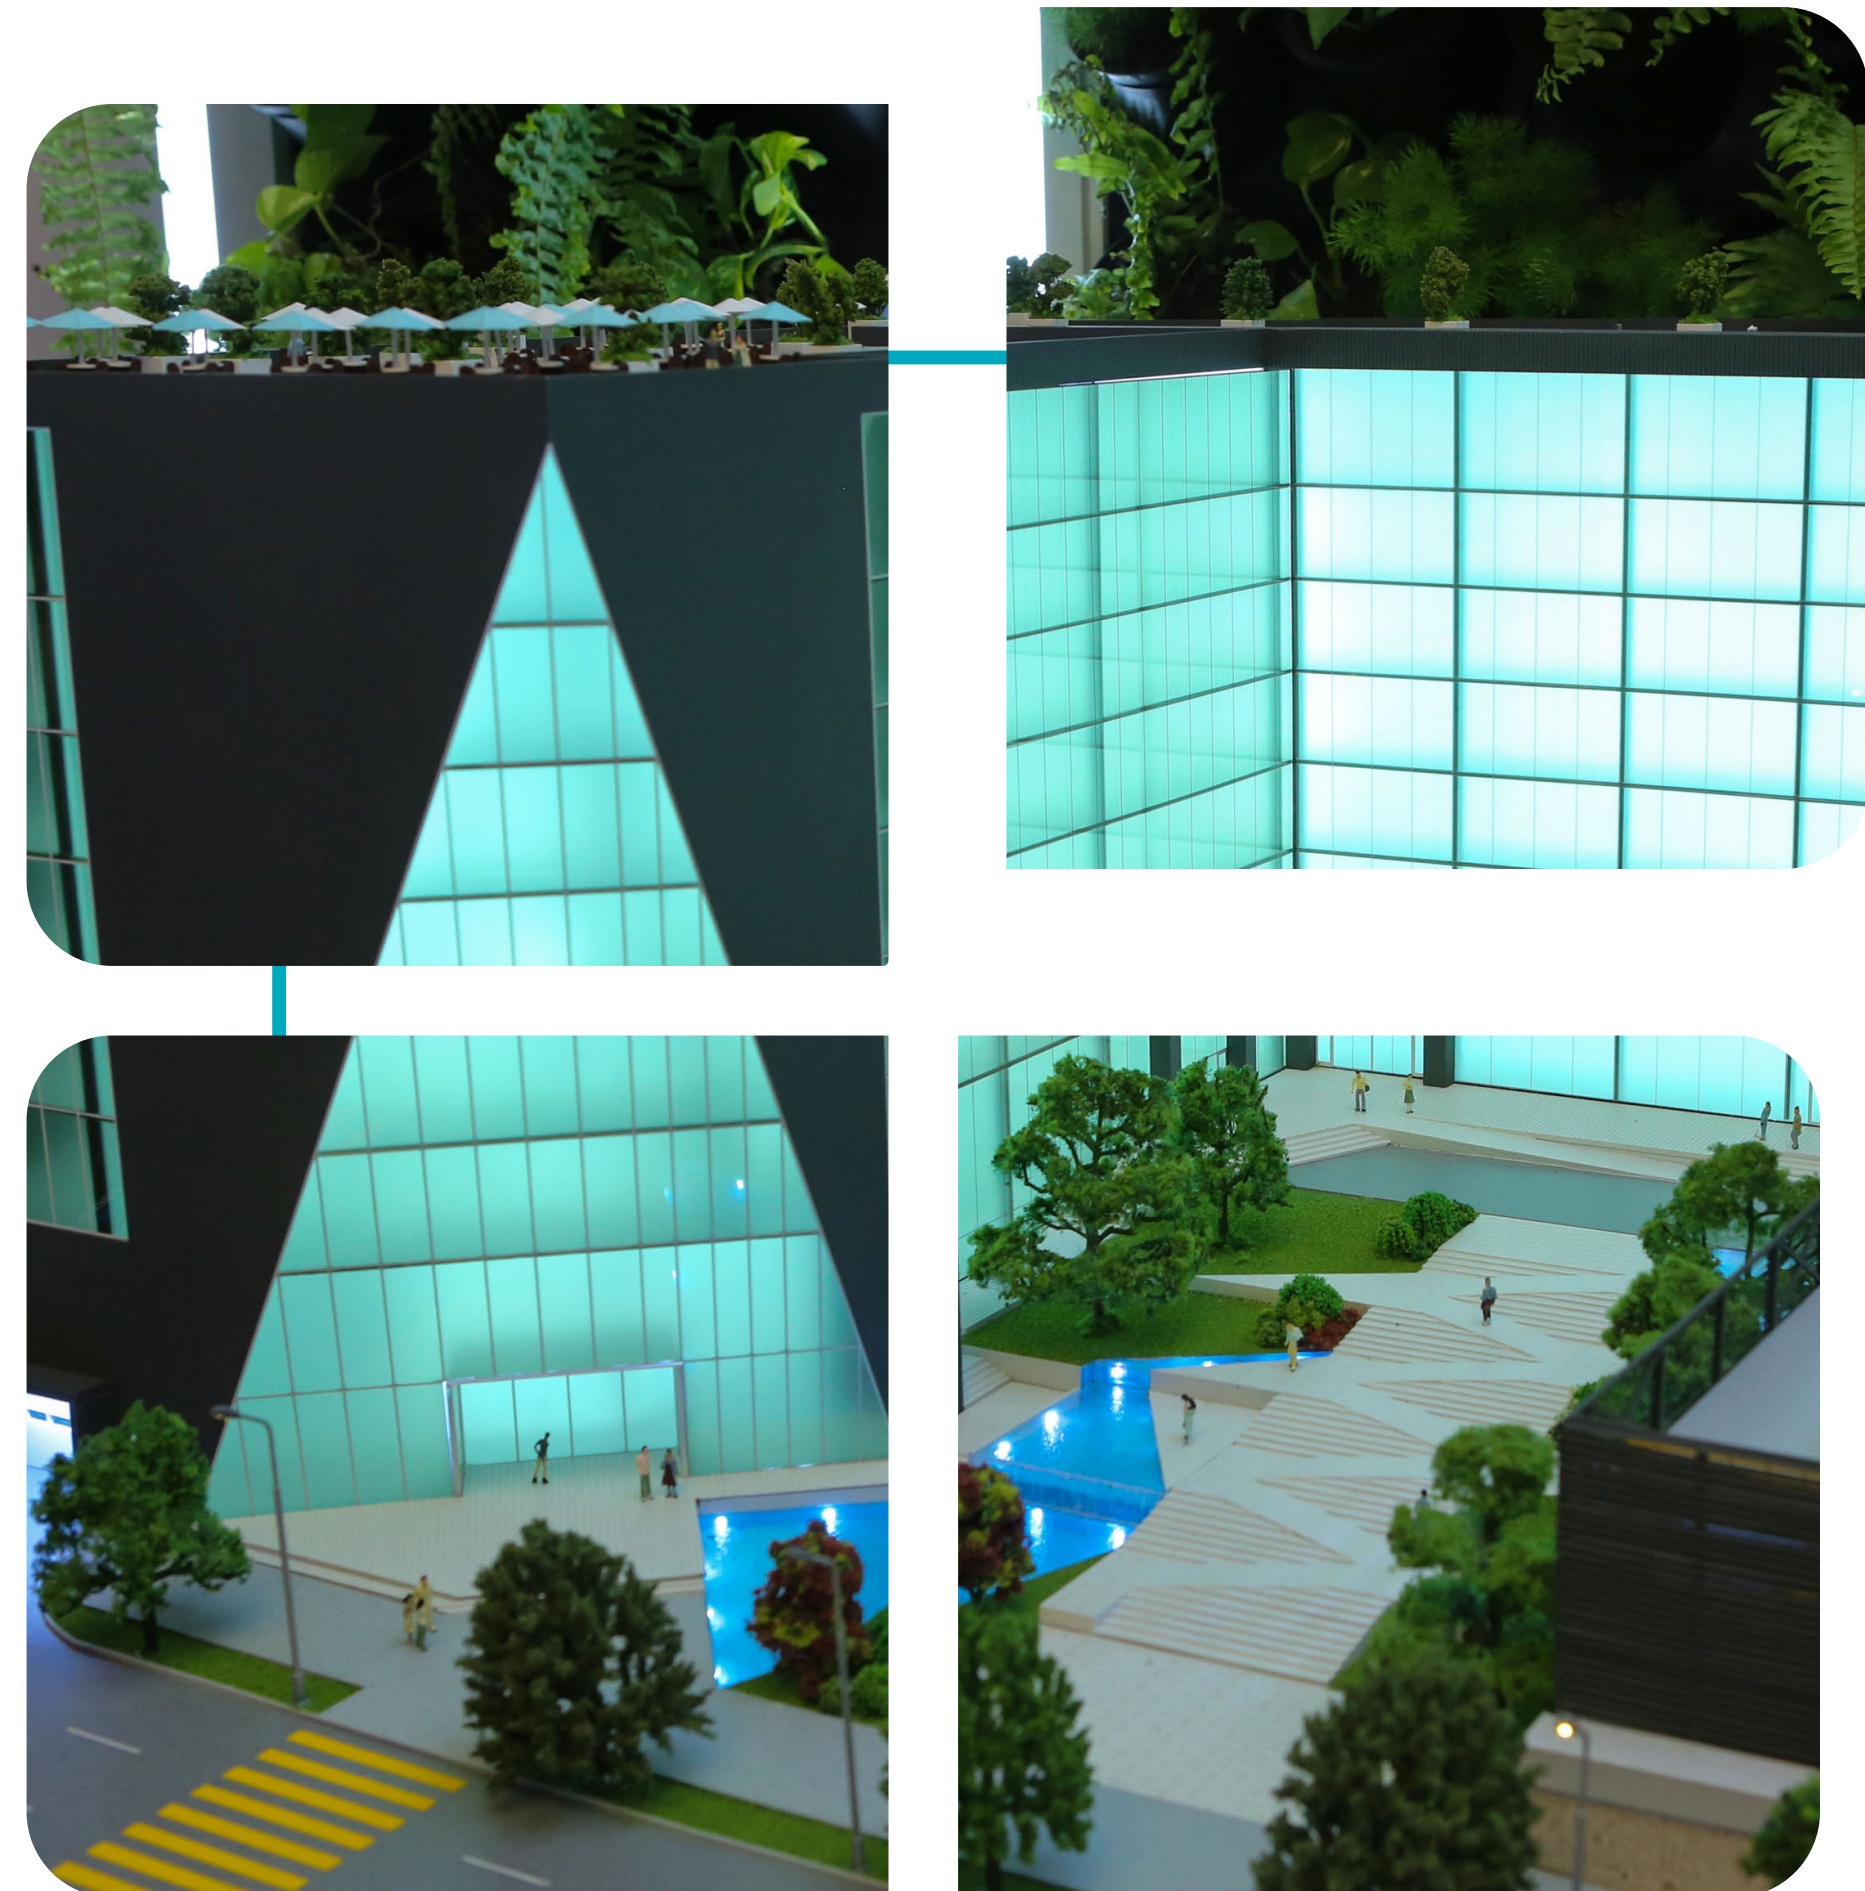

In 2020, we will open the first part of a development we are calling DigiTown. As well as housing our entire team together in a brand-new multi-story building – we are investing in the youth of Armenia.

We are building a new facility for **START-UPS** and young technology companies to be located and supported in. An **INCUBATOR CAMPUS**, if you will, where innovation can be nurtured in order to benefit the whole country.

DigiTown will provide a modern, well equipped working space for start-ups, and already established companies, that are looking to develop their business in Armenia or the South Caucasus region.

For the initial year, the working space will be **RENT-FREE** and DigiTown will provide a warm, mentoring and professional atmosphere that will boost the performance of businesses.

DIGITOWN AIMS TO BE A UNIQUE INTERACTION BETWEEN BUSINESS, EDUCATION CENTRES AND INVESTORS.

LIVE SCORE AND STATISTICS

The overall coverage of sports events and championships has increased by nearly 50% - compared with our previous Live Score module.

- Customers can now receive real-time notifications from other events taking place at the same time as the match they are watching.
- Updated League tables based on the in-match score.
- A preview section in Match Centre, where information available includes the probable line-ups, any injuries, the name of the stadium, the referee's name and any disqualified players.

SPORTS DATA AND STATS

We also offer detailed information and stats about squads, weather forecasts, pundits tips, on-field conditions and performance data about the players.

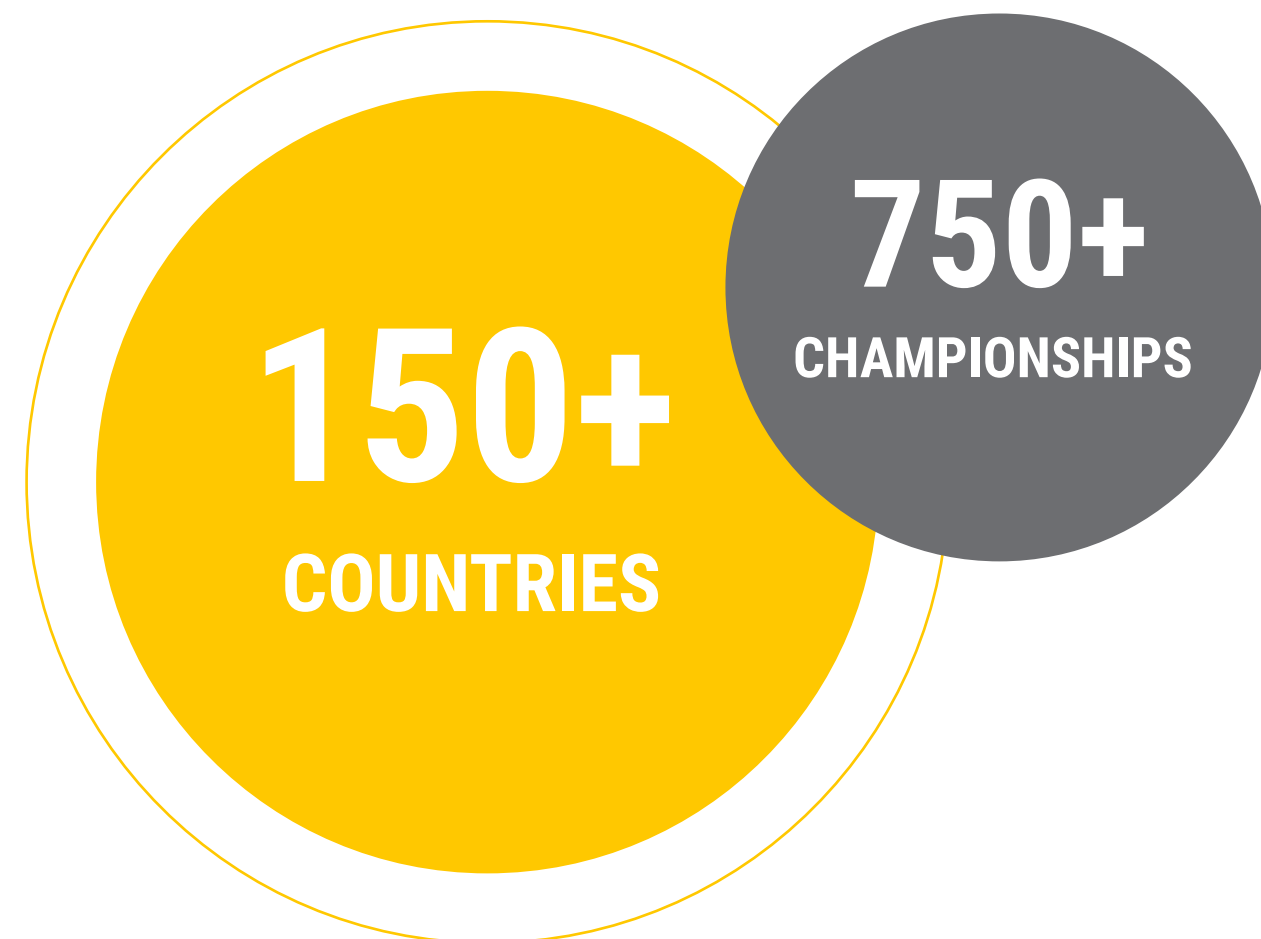

In terms of customising the Live Scores module - we provide customers with a broad range of real-time data tools. Their flexible design means easy integration allows operators to create their own branded solutions with all the available data components.

Our extensive database includes detailed sports statistics for the last 10 years. These can be arranged in your style and brand design.

LIVE MATCH TRACKER

We have developed for our partners one of the industry's best in-house Live Match Tracker tools for soccer with game visualization, action tracking animation, full statistics and line-ups.

LIVE TRACKER IS AVAILABLE BOTH WITHIN OUR SPORTSBOOK API AS WELL AS SEPARATELY, GIVING AN ADDED VALUE TO YOUR SPORTS OFFERING!

The Live Tracker's visualization of the game displays the important events chronologically (goals, yellow cards, etc), and can offer up to **18 TYPES OF STATISTICS FOR A MATCH**, including possession, shots on target and much more.

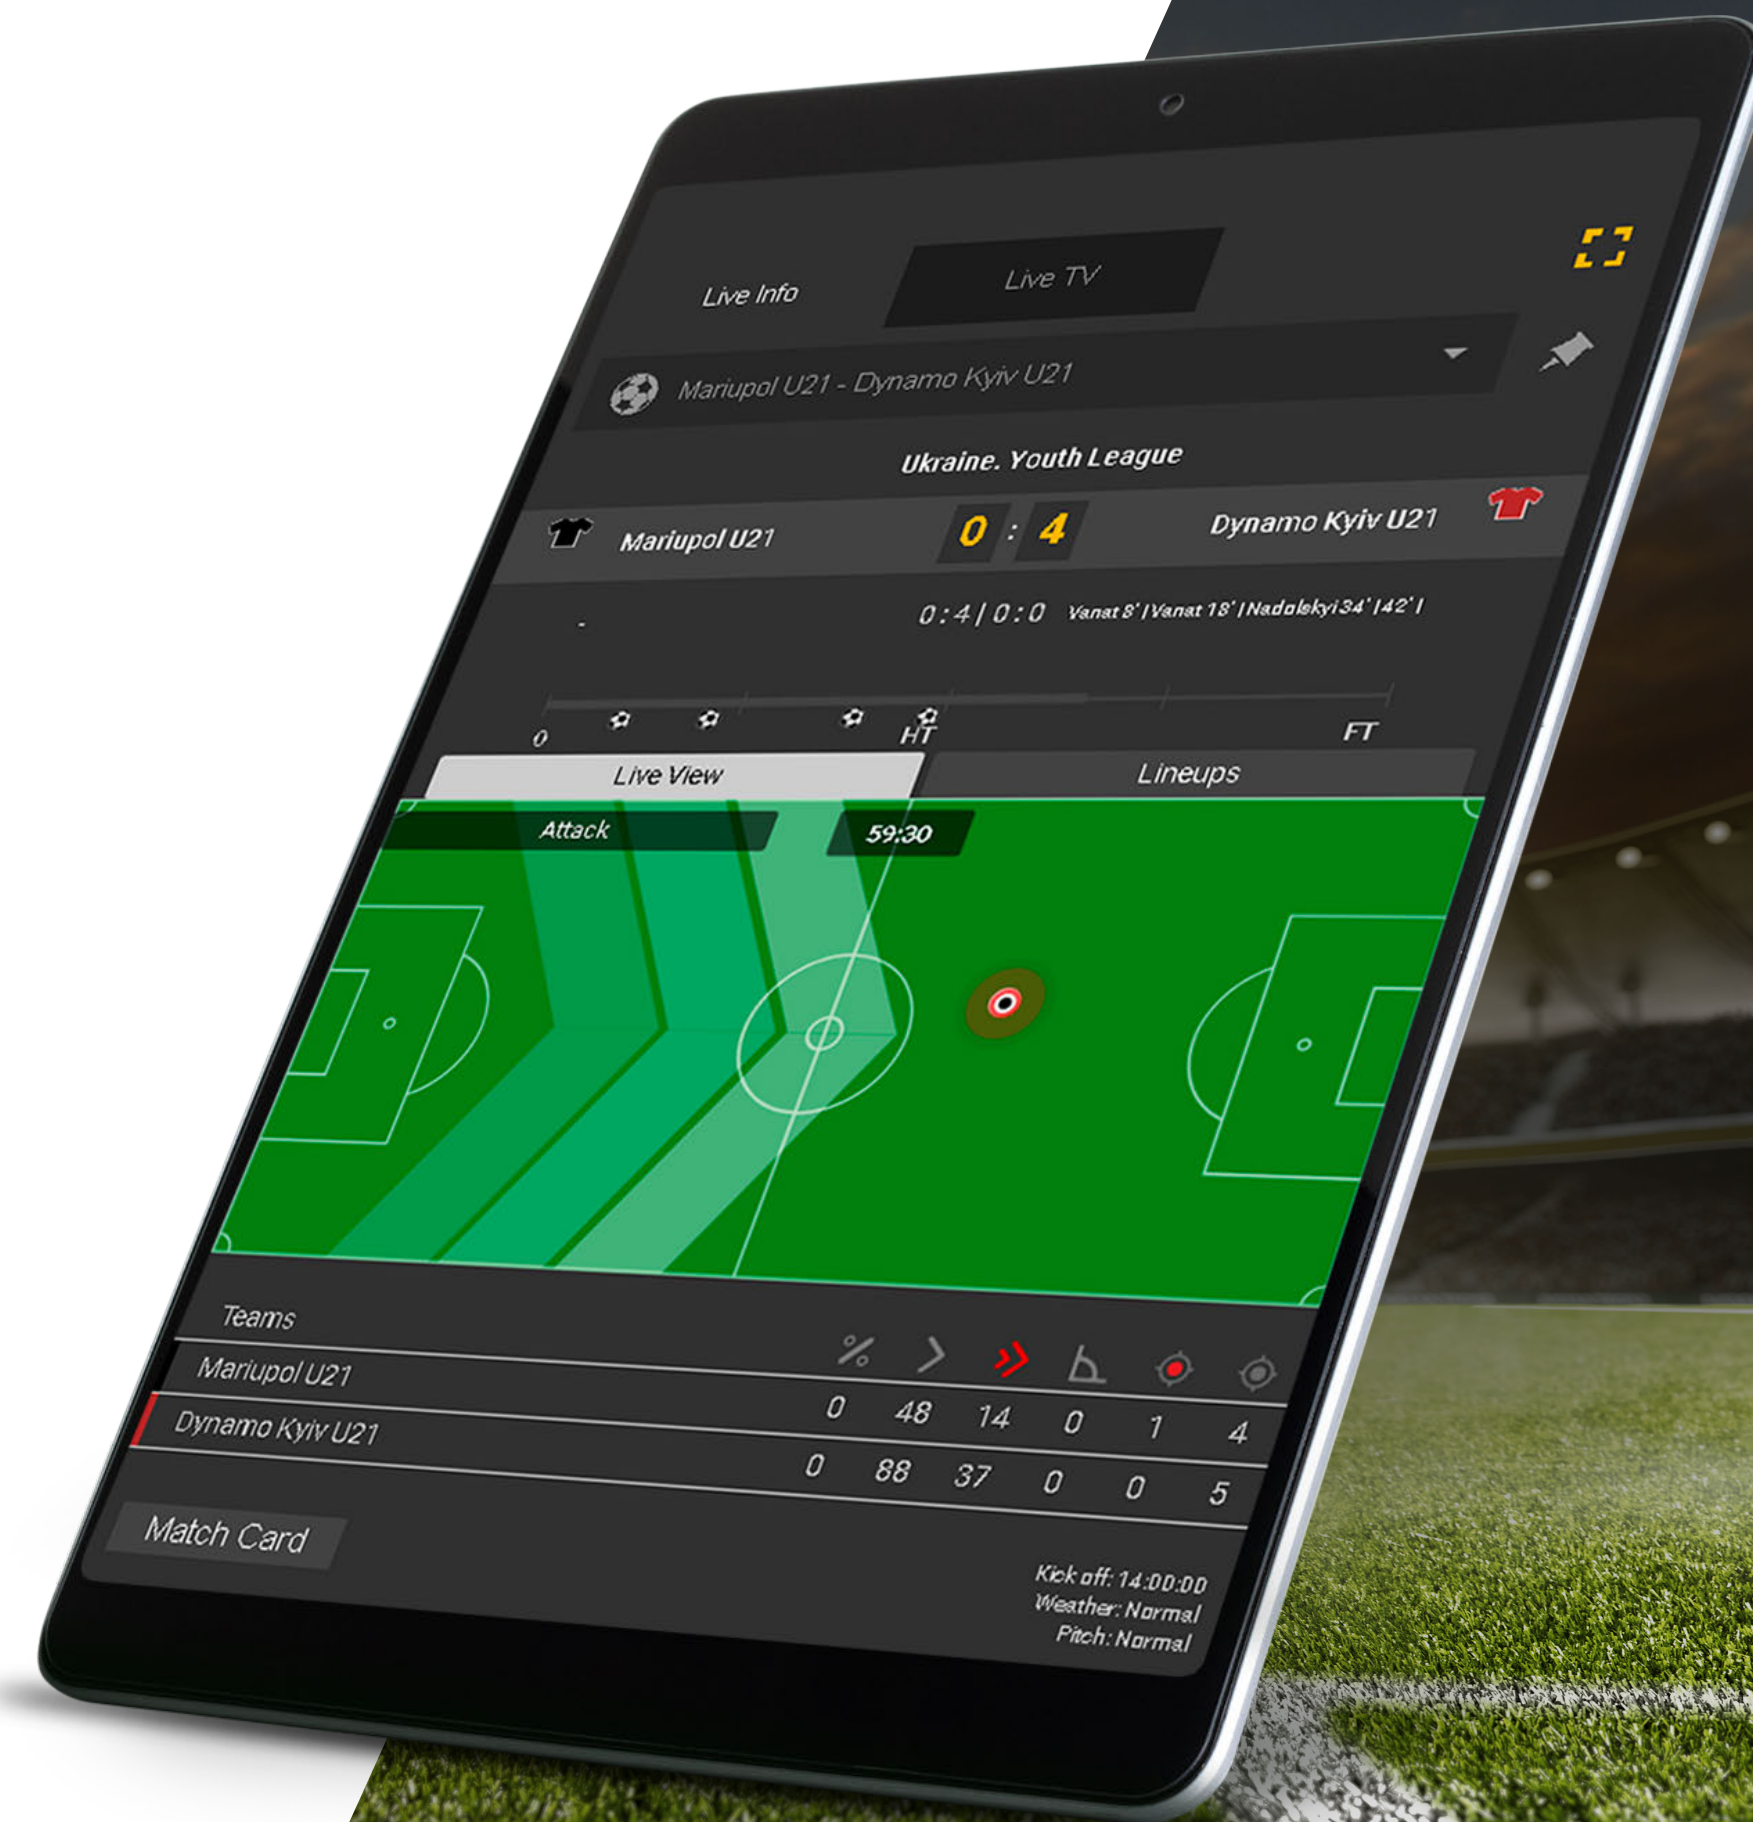

TABLE FOOTBALL

A NEW, INNOVATIVE PRODUCT

In a unique innovation for sports betting, Digitain have launched the **FIRST WORLDWIDE TABLE FOOTBALL** matches that offers live betting.

Hosting the matches in our **OWN STATE-OF-THE-ART STUDIO** we are also set to live stream the events in conjunction with other international sporting federations, with plans to collaborate with upcoming international tournaments.
